MEAT *is*

Essential to **Victory**

"An army travels on its stomach" today, just as surely as in Napoleon's time. And feeding the armed forces of the United Nations ranks in importance with supplying them with the weapons of warfare. MEAT . . . with its abundance of strength and health-giving vitamins, minerals and proteins . . . is an essential in the diet of every man in the service.

Today, the nation's farms and ranches are supplying in abundance all those nourishing foods needed to build strong fighting men and women, whether on the firing line, in war plants or in the home. Today, the livestock raisers of America are playing an outstanding part in this tremendous food production job . . . are supplying a fighting America and her allies with an ever-increasing amount of vital meat that is "food power" for victory.

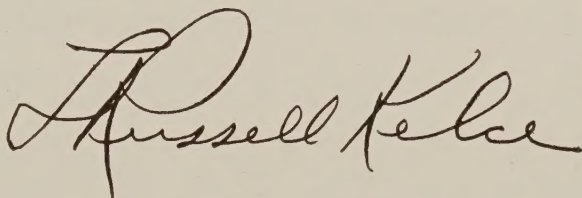

A Cordial Invitation

WE INVITE YOU TO ATTEND THE MILES-OF-VIEW DISPERSION AND TO VISIT MERRYVALE FARMS

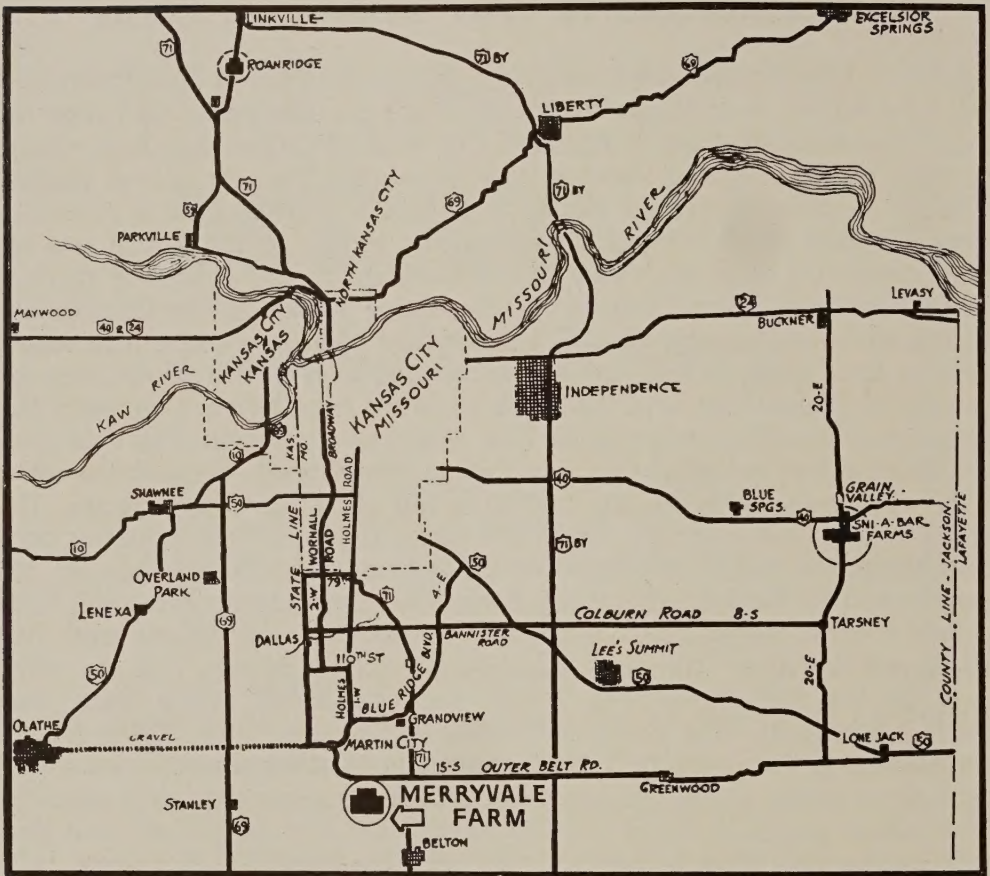

MAY 3, 1943 should be a day that will be written in Shorthorn history when, in a single day, there will be offered to all lovers of fine purebred Shorthorns 84 head (70 lots) of cattle that had taken our mutual friend and the greatest lover and booster of our breed, George B. Longan, many years to acquire. I doubt if it is possible today in this troubled world to find this many animals that are as well bred and as many good individuals that you could buy at any price, and I am afraid that it will be many years before this opportunity will ever be here again. I know that you, as a cattleman, have known that George Longan had only one aim in the production of purebred Shorthorns and that was to bring together in one herd the finest and best Shorthorn cattle that could be acquired. The cost was secondary, and proof of this was that he purchased, through the able help of James Reid, the top cattle of the year for many years. He tried to pick his matrons from the good herds in this country and supplemented them with the best from Scotland. To top this off, he purchased in 1940 the Supreme Perth Champion from Scotland, Calrossie Prince Peter, who was an outstanding individual and his pedigree faultless. His dam, Calrossie Princess Mona, was the only cow in the history of the breed that produced more than one Perth Champion. She produced three—Calrossie Prince Peter, Royal Emblem and the great bull Calrossie Control. Calrossie Prince Peter has sired some of the greatest sons and daughters in this country from these great females that Miles-of-View had acquired, and this will be the first time in history that females sired by this great bull could be purchased from his herd. George Longan had planned to keep all of them as matrons on the Miles-of-View Farm.

We, as their neighbor, had watched with great interest the development of this herd and after the untimely death of Mr. Longan, it was planned and advertised that the herd would be dispersed and the reason we purchased this great herd was to acquire the Imported Calrossie Prince Peter, who will be retained in the Merryvale herd.

This is a great opportunity for you to add to your breeding herd some of the finest animals of the breed. This dispersion is much better than an ordinary dispersion because first we are offering top animals; and second, Merryvale Farms guarantee them under the guarantee of the American Shorthorn Breeders Association and we certainly hope you will honor us May 3 by being present Sale Day.

Plenty Assurance *of* ADDED VALUE *In This Sale*

The recent purchase by L. Russell Kelce, owner of Merryvale Farm, Grandview, Missouri, of the entire Miles-of-View herd is now history.

However, new breed history was in the making the moment Mr. Kelce announced his intention of offering them to all Shorthorn Breeders.

I personally have had the privilege of going over very thoroughly, the entire set of cattle since their acquisition by Mr. Kelce and aside from the retention of the great sire, Calrossie Prince Peter, the greatness of this great draft of Shorthorns is to be sold and what an opportunity awaits the lovers of Shorthorns at Merryvale Farms on May 3, 1943. Suffice it to be said that I feel safe in saying that Shorthorn breeders generally will find this sale offering the highest quality and the most uniform buyers have ever had the opportunity to bid on in Shorthorn history. Backed by the Merryvale Farm guarantee, added assurance of performance is given each and every animal offered.

To those of you that personally know L. Russell Kelce, Wm. Milne, Jr., and James Reid, it is needless to mention their knowledge and interest in good Shorthorns and to you that don't, well—a genuine pleasure awaits you as no trip is too long and any cost of travel is perfectly justified to assure your attendance at this event.

From Merryvale Manager

IT HAS BEEN with great interest and admiration that I have watched the growth and development of the Miles-of-View herd. Very critical of every addition to the herd, Mr. Longan spared neither time nor money in assembling this splendid group of Shorthorns, and when his passing made it necessary to disperse the herd, we, his neighbor, felt we could profit by his wise judgment in securing the Supreme Perth Champion, Imp. Calrossie Prince Peter, probably the wisest of all his additions to the herd.

The bulls in this offering are real herd bull prospects. Their pedigrees cannot be improved upon, and their true lines, deep, low-set bodies, good heads and rich color make this sale an ideal place to procure a great sire.

Every cow and heifer is an example of what a true Shorthorn breeding matron should be. The open heifers are grand prospective breeding matrons. A sweeter lot of females was never offered for sale.

Manager, Merryvale Farms.

From Miles-of-View Manager

I HAVE BEEN in charge of the Miles-of-View Farm's Shorthorns the past six years. When I came here, Mr. Longan told me of his ambitions in the building and maintaining of the herd, and among the things he said was "Now, James, we want the best Shorthorns on earth. We want to build up a herd of breeding cows second to none, and if we make a mistake in some of our selections, we will just forget and try again."

Well, that's the policy that prevailed here at Miles-of-View. Sure, we made mistakes in some of our selections, but when we found we had made a mistake, we just forgot about the cost, disposed of the disappointment, and looked around for something that would prove more satisfying.

Yes, I have seen lots of changes in the personnel of this breeding herd, but I believe that every change was for the better. Imp. Scotston Airman was at the head of the herd when I took over. He worked with improvement with what he had at that time at his service. Following and assisting him came Red Crown, Miles-of-View Airman and Miles-of-View Sultan, all doing their share in herd improvement.

Then came the big step that Mr. Longan and I felt would, along with a goodly number of outstanding females that the herd had acquired, place the Miles-of-View herd right up in top company. The great Imported Calrossie Prince Peter. You Shorthorn breeders know just what he has meant to American Shorthorns. Without further comment from,

Yours truly,

JAMES REID,
Herd Manager, Miles-of-View Farms

PRINCE PETER: Our junior herd sire. One of the best bulls ever to be offered for sale. He has proven himself to be a real sire as we have a few

of his calves now—all short legged, thick, compact and very rich in color. His dam could not be duplicated anywhere. She is one of the thickest fleshed cows ever to be imported. She is just the right size and right down on the ground. This great herd bull should be the outstanding buy of the year.

MILLHILLS SENATOR: This great dark red proven sire, the son of the Imported \$15,700.00 Millhills Ransom, has proven to the purebred industry

that his calves are making history in many of the great herds of this country. No breeder could fail to overlook the wealth of choice breeding that is responsible for the uniform characteristics of his sons and daughters. Few bulls in service today have produced as large a proportion of rich red, low-set, deeply fleshed calves, who have been winners and champions in the best shows in this country. The only reasons we would of-

fer for sale this great herd sire are, that after the acquisition of Calrossie Prince Peter, we would have five herd sires, which is too many for our herd of cows and also we have retained so many of the daughters of Millhills Senator. This is a wonderful chance to secure a proven sire known throughout the Shorthorn Industry.

AUGUSTA MAID OF MORLUNDA: A Bruce and MacGillivray Augusta. If you are looking for Calrossie MacGillivray breeding there is no better pedigrees written than this one, and certainly isn't any better individual in the country. Her last bull calf by Calrossie Prince Peter was the very best of his calves. Miles of View Farms were to keep him for their herd bull until he met with an accident when he was six months old. Only in a dispersion sale would this cow ever have been offered. This five year old cow with her whole life ahead of her should be a great attraction if you are looking for the best and nearest to the ideal cow. You will find everything in this wonderful lady. Bred November 9, 1942, to Calrossie Prince Peter.

HELFRED VERBENA 3rd: An ideal Shorthorn cow—well bred—plenty of scale. When shown as a yearling she was about as good a heifer as was ever shown. First prize Junior Yearling at the American Royal, 2nd at the International and Junior Champion at Denver. This cow is a very rapid breeder. Helfred Farms paid around the top price of the year for her first bull calf—Goldspur Fascinator, that later found his way into one of the leading herds in California. This cow, as a heifer, was about as thick as ever was shown. We are selling two of her daughters in the sale by Calrossie Prince Peter, both real heifers and very rich dark roan colors. ★ *to Insure a Quicker Victory*

★ *to Save American Lives*

INVEST IN U. S. WAR BONDS

Now, as never before in all the glorious history of America, can we on the home front help our gallant soldiers out on the fighting fronts.

We all **MUST** invest in U. S. War Bonds to the limit of our abilities.

War Bonds are the greatest investment in the world — bar none. They're investments tailored to fit your particular situation.

Remember, you are not asked to give. You are asked to **LEND** . . . and every dollar thus invested will come back to you with interest on that brighter day when victory is ours and there is peace again throughout the world.

It's patriotic . . . it's smart . . . it's thrifty to invest every dollar you can in War Bonds. Do it now! Keep doing it!
